

ADVANCED PLACEMENT & JOINT ENROLLMENT

Advanced Placement courses are offered to those students wishing to earn college credit while still in high school. Students must take a College Board standardized examination to qualify for credits. Each year the course selection is determined by the level of the class and the number of students interested.

The following Advanced Placement courses have been offered at Temima over the years. *

American History	Computer Science
Biology	English
Calculus	U.S. Government & Politics

Joint Enrollment with Georgia Perimeter College

Joint enrollment courses are offered to juniors and seniors. They provide high school and college credits simultaneously. Classes follow college semester schedules, and examinations are administered by individual college professors. To qualify, students must have a minimum GPA of 3.0 in core studies, as well as at least 530 SAT Verbal and 440 SAT Math. College credits are guaranteed for students who make a minimum of a C in the course. Students who make a D will only receive high school credit. Because Temima is fully accredited, students are eligible for Joint Enrollment courses.

Courses	Credits Per Semester	Semesters Per Year
Psychology	3	1
Western Civilization	3	2
Humanities	6	1

*These courses change from year to year. The course names below are for purposes of illustration only.
